Caring For Kids

Licensed quality non-profit child care

Since 1986

Looking to start your own Home Child Care?

Working with Caring for Kids you are part of a team of passionate and experienced Providers. We help you get your home child care started and grow your business.

You will be working one on one with a Home Child Care Consultant who will mentor and guide you to maximize your potential. Caring for Kids is a professional and learning space for our Providers to work and grow. Become a part of a dedicated and hardworking group of Providers.

Being a Home Child Care Provider means you're an essential worker serving families in your community.

Providers are self-employed so you are also operating your own small business.
